

# Moumen Hallak

Front-end Developer

I have extensive knowledge of Graphic Design , Short Videos , Social Media Management , Photography , WordPress , and ReactJS. I am able to combine Web Development and Design in a very pleasing way. I have 8 years of experience in the Media field in general and 5 years of experience in the Web field. Andalus Media Company gave me the opportunity to build over 70 WordPress websites. Additionally, I headed up the company's web department.

## Education

2020-2024  
**Bachelor of Computer Science**  
University of the People

2021  
**Front-end Web Development Bootcamp**  
Collaboration between Flatiron School and Re:Coded

- ✓ The Coding Bootcamp took me five months to complete.
- ✓ As part of the Bootcamp, I accomplished the Flatiron School curriculum for Front-end Development.
- ✓ I learned HTML, CSS, JavaScript, React, Redux, Firebase, Git, and Github.
- ✓ I developed many responsive projects using these technologies during the Bootcamp.

2021  
**Front-end Development Track**  
Udacity

- ✓ As part of the 1 Million Arab Coders Initiative, I completed the Udacity course for Front-End Development.

## Experiences

2017 - Present  
**Wordpress Developer**  
Andalus Media

I work as a WordPress developer, responsible for the work progress and finalizing the products to the client.

2018 - Present  
**Media Consultant**  
Trust Consultancy

I give consultants and help with finalizing the media products including Graphic Design, and the company website.

2016 - 2017  
**Director of Advocacy**  
Orange Organization

I used to get tasks about creating Humanitarian campaigns, Designing Campaigns, and Social Media Management.

2014 - 2016  
**Marketing Coordinator**  
Watan Foundation

I used to get tasks about Graphic Design, Social Media Management, Photography, and Creating short Videos.
